## International Professional Exchange Program May 12<sup>th</sup> to 26<sup>th</sup> 2019

**CIF Estonia invites professionals from the field of Social Work to participate in a two-week professional and cultural exchange program.**

The program is a combination of lectures, workshops, field visits, cultural events and discussions covering many topics so as to give participants a basic understanding of Estonian culture and socio-economic realities. Special emphasis is placed on Estonian social work, social policy, social welfare programs, theories and methods.

The program takes place mainly in Tallinn, but there are also visits to other areas. Field visits are arranged based on individual professional interests of the participants.

An important part of the program is the cultural and professional exchange within the international group of participants.

### Eligibility

Successful candidates should:

- have at least 2 years of professional experience
- be fluent in English
- be able to participate the entire program

### Host family living

During the program participants will live with host families, which gives the participants an unique cultural experience.

### Financial Conditions

Participation fee for the program is 250 euros.

Participants are responsible for their international travel expenses to and back from Estonia, costs for a visa (if necessary) and personal medical insurance (has to be issued before arriving to Estonia). Host families

are responsible for accommodation, breakfast and dinner. Participants will have to pay for their own lunches and for any extra expenses which are not related to their program (souvenirs etc).

### Application

Application form is available from CIF International website. Your completed application should be sent to your respective CIF national branch or contact person. If CIF has no representation in your country of residence you may send your application to CIF Estonia directly.

The deadline for applying to our 2019 program is on **January 20<sup>th</sup> 2019**.
